PU-SEALED FLOORS

MODULEO® DAILY CLEANER FOR THE DAILY CLEANING OF ALL PU-SEALED FLOORS

Moduleo® Daily Cleaner is a special active cleaner for use on new floors immediately after installation and for the routine cleaning of floors factory-cured with a polyurethane finish as well as vinyl, linoleum or rubber floor coverings treated with PU Sealer.

Instructions for use:

Remove coarse dirt using a brush or vacuum cleaner. In case of stubborn dirt, dilute Moduleo® Daily Cleaner in a ratio of 1:10 (1 litre to 10 litres of water), reducing the concentration accordingly for slight soiling. Distribute the cleaning solution over the floor and, after allowing to stand for a short time, treat the floor surface using a Monodisc appliance and red pad or scrubbing brush. Take up the dirt using a Spray extractor fitted with a hard floor adapter or absorbent wide-headed wiper mop and wipe over with clear water to neutralise.

Daily Cleaning:

Dilute Moduleo® Daily Cleaner in a ratio of 1:200 (50 ml to 10 litres of water) and wipe over the floor using this solution. The concentration can be reduced to 1:400 (25 ml to 10 litres of water) when using a fully automatic cleaning appliance. **Note:** Sensitive surfaces (such as wood, metal, furnishings) should not be sprayed with the cleaning solution. May we also direct your attention to the advice in our Technical Product Information forms. **Ingredients:** less than 5% anionic surfactants, 5-15% non-ionic surfactants. Contains perfumes, LIMONENE, solvents. **Warning!** Causes serious eye irritation. If medical advice is needed, have product container or label at hand. Keep out of reach of children. Wear eye protection / face protection. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention.

Dispose of contents/container in accordance with local regulations. Polyolefin packaging. Only feed into recycling systems when clean and completely empty.

750 ml

= 70-100 m² (Cleaning after installation)
= 15 applications (daily cleaning)
